Tip Tuesday!

Android 15 PocketDairy Installation

Determine Dart Version

1. In **Dart**, click the **Help** menu
2. Click **About...**
3. In the upper left area, note the **Dart Build** number
4. In the center of the screen note the **Build Date**

Download PocketDairy

5. On your device, open a web browser and navigate to **apps.drms.org/PocketDairyDownload**
6. Tap the **version** of Dart you noted in step 3
7. Tap **Download PocketDairy**

Install the application

Before Syncing with Dart
